Examine family life from a *fresh* perspective

The journey to creating perfect windows and doors starts right now. Whether it's a quiet early morning or a lively family dinner, TGM windows and doors witness every important moment in your life anytime, anywhere, and will also become the ones that frame the most meaningful moments in life.

As a well-known brand with professional official certifications, TGM provides products that guarantee long-lasting comfort, protective effects and outstanding quality day after day, year after year.

EXPERIENCE IS THE CORNERSTONE

Our experts will select aesthetically pleasing and reliable windows and doors for you — products that fully meet your home needs and fit within your budget.

CONFIDENCE IN MANUFACTURING

Driven by our unwavering pursuit of exquisite craftsmanship and our commitment to 100% premium quality, we are capable of producing the finest windows and doors.

DETAILS MAKE ALL THE DIFFERENCE

Throughout the production process, we exercise strict control over every process and step — it is only by focusing on details that we can create high-quality windows and doors.

Introducing the KS88 Door & Window Series

Beyond its flexible design, the KS88 Series stands as a testament to uncompromising quality, holding rigorous international certifications that validate its adherence to the highest industry standards. We can use this series to produce fixed windows, tilt&turn windows, outswing windows, and casement doors. And they all have excellent NFRC-certified data, with the best U-Factor could be as low as 0.16. Boasting exceptional thermal insulation, soundproofing, and structural stability, it delivers outstanding performance metrics that enhance energy efficiency and living comfort. Elevate your spaces with the KS88 Series, where professionalism meets affordability in every detail.

The KS100 Aluminum-Wood Folding Door Series stands as a pinnacle of luxury and *innovation*

Fueled by top-tier R&D technology, this collection integrates cutting-edge engineering concepts with precision craftsmanship — its advanced folding mechanism ensures ultra-smooth operation, exceptional structural stability, and remarkable load-bearing capacity, a testament to our relentless pursuit of technical excellence.

Its space-saving folding structure effortlessly expands or encloses areas, while the harmonious fusion of natural wood grain and sleek aluminum frames creates an interior-exterior transitional beauty.

The KS82 Aluminum-Wood Swing Door Series is a masterpiece of versatility and *elegance*

Engineered to accommodate custom large sizes, it effortlessly meets the grand design needs of spacious residences and commercial venues, blending openness with structural integrity. Boasting a stunning appearance, the series marries warm wood grain textures with sleek aluminum frames, creating a timeless aesthetic that complements diverse interior styles. Beyond beauty, its robust construction ensures unrivaled stability — operating smoothly and maintaining structural firmness for years, a perfect fusion of grand customization, exquisite design, and reliable performance.
